# TRAKA AUTOMOTIVE INSTALL MOBILE APP ON IPAD/IPHONE

Install a QR Code Scanner Scan the QR Code Install the App Logging In Switching User

#### INSTALL A QR CODE SCANNER

- 1. Open the App Store.
- 2. Search for "quick scan qr code reader".
- 3. Install the Quick Scan App (or any other QR Code scanner application).

## SCAN THE QR CODE

- 1. Go to a PC with the Traka Automotive Application running.
- 2. From the login screen click the "mobile app access" icon.
- 3. Open the Quick Scan App on your phone/tablet and use it to scan the QR Code shown.
- 4. Choose yes to connect to the server.

## INSTALL THE APP

- Once the server connection has been made you will see the splash screen then the login prompt to enter a username.
- 2. Click the share icon.
- Select the "Add to Home Screen" option. You may need to scroll from right to left to find the button.
- 4. Confirm the details.
- 5. Close the tab.
- 6. Tap the Traka Automotive icon on the home screen to launch the app.

### LOGGING IN

Tap the Traka Automotive icon on the home screen.

Enter your username and click "check username". If successful, this will be remembered for the next time you launch the app.

Enter your mobile app PIN you have been assigned (or cabinet PIN if you have one).

#### SWITCHING USER

If you are logged in to the app you can tap the "more" icon and then select Logout.

At the unlock screen tap on your name.

You can also clear the username from being stored before the device is used by someone else.
