Intelligent key and equipment vending solutions

traka
ASSA ABLOY

Experience a safer and more open world

Who we are and what we do

Traka is the leading worldwide specialist in key, equipment and asset management solutions working with many forces to realise cashable and non-cashable savings. We manufacture automated vending solutions for keys, airwave radios and other specialist equipment and are a well recognised solutions provider to the public sector; our systems are in use in many prisons, police forces and hospitals across the UK.

Traka's intelligent solutions enable you to implement superior control with:

- Key management to secure areas such as firearms stores and other restricted areas
- Access to and the usage of equipment such as body worn cameras, tasers, breathalysers, incapacitant spray, specialist and covert equipment
- Managing access to vehicle keys – record and report on mileage driven and vehicle defects during the period keys were out
- Key & Equipment Vending

Intelligent Asset Management

Keys for secure areas and facilities

Radio handsets and mobile devices

Fleet and specialist vehicles

Body worn cameras

Features

- Controlled access to authorised staff and officers only
- Automated vending of keys and equipment from a secure fully audited system
- Automatically alert and notify should a key or item not be returned on time
- Integrate with your access control system to ensure staff can't leave site without first returning their keys and equipment
- RFID tagging ensures every device is uniquely identified and managed

Benefits

- Keys and devices are securely stored and accounted for, when not in use
- Improve shift start up – keys can be drawn and returned in less than five seconds, eliminating the need to queue for manual issue
- Consolidate key and device numbers – staff draw keys from an authorised pool no longer requiring individual key bunches and devices
- Integrated battery charging ensures devices are always ready for use
- Audit and account for every key set and item 24/7 365 days per year
- Prevent unauthorised staff from driving fleet and specialist vehicles

Find out how Traka can help your service

Traka key management and locker systems keep you in control and ensure secure management of your valuable assets. Our customer's report cost savings on pool equipment as they no longer need a device per staff member and less damage is recorded due to enhanced accountability.

For more details on how unique Traka systems can help your service visit traka.com, email wayne_kynaston@traka.com or speak to a member of the team on +44 (0) 1234 712 345.
